

BIPs session

The session is dedicated to the new **Blended Intensive Programs introduced by the KA 131 – 2021 Erasmus Guide**. We will discuss the general frameworks, financing, terms, challenges, and steps that should be followed in order to successfully implement the new program.

The scope of this session is to raise interest in developing BIPs, share expertise and try to adapt the artistic field to this new EU profile.

Why join us?

By attending the session, you will become more familiar with BIPs, find potential partners and new ways of implementing the program in your home-institution.
