Travelling with TCL (Transports en commun lyonnais)

The TCL network comprises the following: 4 metro lines, 7 tramway lines, 140 bus, trolleybus and shuttle lines, 2 funicular lines, 3000 stops

A few basic rules you need to know

Simply buying a ticket or pass is not enough: **you must validate your ticket each time you get on a bus or tram**, or at each metro or funicular station you begin your journey at.

If you use several buses, or a bus and the metro, consecutively, you must validate your ticket each time

Pricing options

- **With a Lyon City Card, you get unlimited access to the entire TCL network for 1, 2, 3 or 4 days** (depending of the length of validity of your card)

Further information :

- **A single ticket is valid for 1 hour** (the time of the last validation is taken into account) throughout the network.
- **Long duration tickets** from 2 to 72 hours allow you to travel around the network for longer.

Full details of prices on TCL network: <https://www.tcl.fr/tickets-abonnements/titres-et-tarifs>

Original services

- **« Pleine Lune » night lines:** to meet the needs of night owls, some lines run later on weekends.

<https://www.tcl.fr/en/pleine-lune-night-lines>

- **Alighting on request after 10pm:** for passenger safety reasons, particularly women. It is possible, after 10 pm, to ask the bus driver to get off between two stops, in order to get as close as possible to the final destination.
- **Accessibility on the network** has been facilitated for passengers with reduced mobility.
- **Park and Ride:** you can park your car for free in one of the 21 Park and Ride facilities around Lyon, using your transport ticket, and continue your journey on public transport. Avoid traffic jams and do your bit for the environment!
