AEC Johannes Johansson Travel Bursaries 2025-2028

Thanks to the financial support of the [Creative Europe grant for the period 2025-2028](#), AEC will offer a limited number of travel bursaries to facilitate the participation of representatives from AEC member institutions in AEC events. Former AEC President Johannes Johansson was a passionate supporter of inclusiveness within the AEC, and the creation of these travel bursaries is a wonderful way to honour his memory.

This initiative follows the precedent set by previous AEC-led projects co-funded by the European Union, such as AEC-SMS (2017-2021) and ARTEMIS (2022-2025), which also provided solidarity funds to support the participation of AEC members in need.

In line with the objectives and priorities of the **AEC Creative Europe (2025-2028)** project, the travel bursaries will specifically focus on strengthening the representation of European non-EU countries at AEC events. This targeted support aims to foster greater networking and collaboration within the AEC community. As a result, applicants from European non-EU countries will be prioritised in the selection process to ensure a broad geographical representation and enhance the diversity of participants.
