Proposed Membership Fees for 2027

The proposed membership fees for 2027 are based on the principles of the AEC Sustainability Plan, approved at the 2017 General Assembly and implemented over a four-year period (2019-2022). Additionally, the following elements are considered in determining the new membership fee levels:

- Countries are assembled in 10 different groups depending on their 2025 GNI.
- All 2027 membership fees are adjusted in line with an inflation rate of +2%.
- Finally, for all Active members, the fee (including inflation) is adjusted according to the number of music-related students in the institution, as follows:

Category 1: More than 700 students	Category 2: 200 – 700 students	Category 3: Less than 200 students

A raise of 25% is applied for institutions in Category 1, and a decrease of 25% for institutions in Category 3. For institutions in Category 2, the fee is not further adjusted.

Therefore, the AEC Council proposes the new membership fee levels set out in the table below, to be adopted for 2027.

Please note that, as in previous years, a discount of 5% will be applied to the figures listed in the table below when the payment to AEC is made before 01/04/2027 ('early bird').

In addition, since 2019, institutions that are both members of AEC and ELIA can apply for a 10% discount on their membership fees with both AEC and ELIA. The discount is available only upon request and will not be automatically included in the annual membership invoices.
