

## AEC-SMS “Johannes Johansson” Travel Bursaries 2018

In order to honour the memory of former AEC President Johannes Johansson, the AEC will offer a restricted number of travel bursaries for the AEC Congress 2018. Johannes was a passionate supporter of inclusiveness for the AEC and the creation of travel bursaries is a wonderful way to remember him. Thanks to the Creative Europe funding for the AEC-SMS project, we've been able to extend these bursaries to other AEC events as well. **As in the previous five years, we are offering a limited number of Johannes Johansson Travel Bursaries, for which members with the greatest need are encouraged to apply.**

The scheme will work as follows:

- Each Travel Bursary will be for up to 500 Euros
- The Bursary can cover up to 50% of a member's travel and accommodation costs - the member's institution will therefore need to make a commitment to cover at least half of the costs;
- Applications for students to attend are especially welcome

Applications should be sent by email to Sara Primiterra at [events@aec-music.eu](mailto:events@aec-music.eu) and should include the following details:

- Name of person wishing to attend
- Institution where they work/study
- Total cost of travel and accommodation
- Confirmation, signed by a senior member of the institution, that the institution will cover at least 50% of this total cost (the precise amount covered by institution should be specified)
- Precise sum requested in the form of a Travel Bursary (up to a maximum of 500 Euros)
- Brief explanation (up to 250 words) of the special needs/circumstances that would justify the award of a Travel Bursary

Applications should reach the AEC by 18<sup>th</sup> September 2018. Successful applicants will be notified by 2<sup>nd</sup> October 2018. The applicant will receive a reimbursement form to which he/she needs to attach the original booking information and bills. Should the applicant have insufficient funds to make the booking before being reimbursed, please contact the AEC office.
