Key objectives and tasks

- Raise consciousness of the social responsibility of artists and music higher education institutions (HEIs)
- Raise consciousness of the political responsibility borne by governments to maintain and foster cultural services and institutions
- What we have in mind:
 - Demonstrate the positive impact that AEC member institutions have on society
 - Increase AEC members' awareness of the need to take responsibilities towards society
 - Provide AEC members with tools, strong arguments and examples of practices across Europe, which they can present to policy-makers
