Pre-Conference Seminar 1

How to Write a Project? Introduction to Project Cycle Management Methodology

The purpose of this workshop is to provide participants the basic skills and competences for writing successful project proposals for funding programmes. The workshop will make participants familiar with the main concepts and terminology of the project cycle management methodology. The first part of the workshop will present the methodology by explaining the basic steps of a project proposal design. At the end of the workshop, participants will be able to develop and transform a project idea into a proper project for submitting a relevant funding programme.
