The Context of Technology for Us as Immigrants

- ▶ Technology is throughout society today
 - ▶ Users want constant and instant connection
 - ▶ Even those of us who have used technology for decades are being bypassed with new avenues for music teaching and learning
 - ▶ Our students leave us several clicks behind when they are using technology today
- 

Benefits of Learning via ICT

- Broad array of music software and hardware available for music teaching
 - Democratizing education
 - Enriching the educational experience for students via the Internet
 - Geographical convenience of access to knowledge
 - Implied 24/7 communications by all parties
 - Saving time and money
- 

Administrative Tools
